Awards from Headquarters

The men of Phi Delta Theta at Ball State University were recently recognized for their achievements over the past year. The members of this organization returned from the national convention with three awards. The first award was the Bigger's Ritual Award, which means the chapter has demonstrated that they continuously conduct weekly ceremonies of friendship, sound learning, and moral rectitude. The second award the chapter received was a Community Service Award for their outstanding involvement with the local Muncie community. Finally, the chapter was recognized for their improvement over the last year in community service, scholarship, ritual, and recruitment and given an Improvement Citation Award. These 3 awards are the first awards the chapter has received from Headquarters since 2003. Once again proving this organization is quickly on its way to becoming one of the best chapter's at Ball State University

Silver Legionnaire

The men of Phi Delta Theta are looking to hold a Silver Legionnaire on March 21, 2009. We want all Alumni to come and celebrate this achievement of being a Phi for 25 years. Bonds 1 through 334 are eligible for the award. If you are one of the eligible phis and interested please contact the Alumni Sec. at MDHarvey@Bsu.edu. If you know of anyone that is eligible but not on the mailing list also email the Alumni Sec. Also look for more information later this fall.

Homecoming is September 27th

The Men of Phi Delta Theta would like to invite all Alumni to join us at tailgating for the 2008 Homecoming game versus Kent State on September 27th. The game starts at noon and we will begin tailgating at 9 a.m. Before the game we will meet at the Marsh on Tillotson at 8:30. If you don't wish to park with us we will be flying the flag so we will be easy to find. After the game we will have an event at 2102 W. Jackson.
