Rock For ALS

For the first time in many years the men at Ball State are having a philanthropy event to support ALS research. On Friday September 21, come join us support the fight against ALS by listening to some good music and being around friends and brothers.

When: Friday, September 21, 2007
7:00PM-11:00PM

Where: Student Center Ball Room

Who: The Elation (Chicago,IL)

Ellison (Cincinnati,OH)

Against The Fire (Toledo,OH)

Saving Litchfield (Antwerp, OH)

Taboola Raza (Muncie, IN)

The cost is \$5 at the door and all proceeds go directly to ALS. Come join us in making this event as big as we hope it will be. Kudos to Randy Thomas, Jake Margraf, and Matt Harvey for putting this event together and making it all possible.

Indiana Beach

Continuing with tradition, the men at Ball state had their annual fundraiser at Indiana Beach in Montecello Indiana. The brothers donate their time to work rides at the park and serve as Lifeguards in the water park. For their time, the park pays the chapter at an hourly rate per person. This year we managed to raise nearly \$1,500. This money goes directly to paying our chapter insurance. This year some brothers decided to stay on Monday (Labor Day) and work some more. Those members that gave up their Labor Day were rewarded with the money that they earned off their semester dues. Way to go guys!
